

1. Search on Google Jira free trial download

2. Click on Free- Jira Software | Atlassian

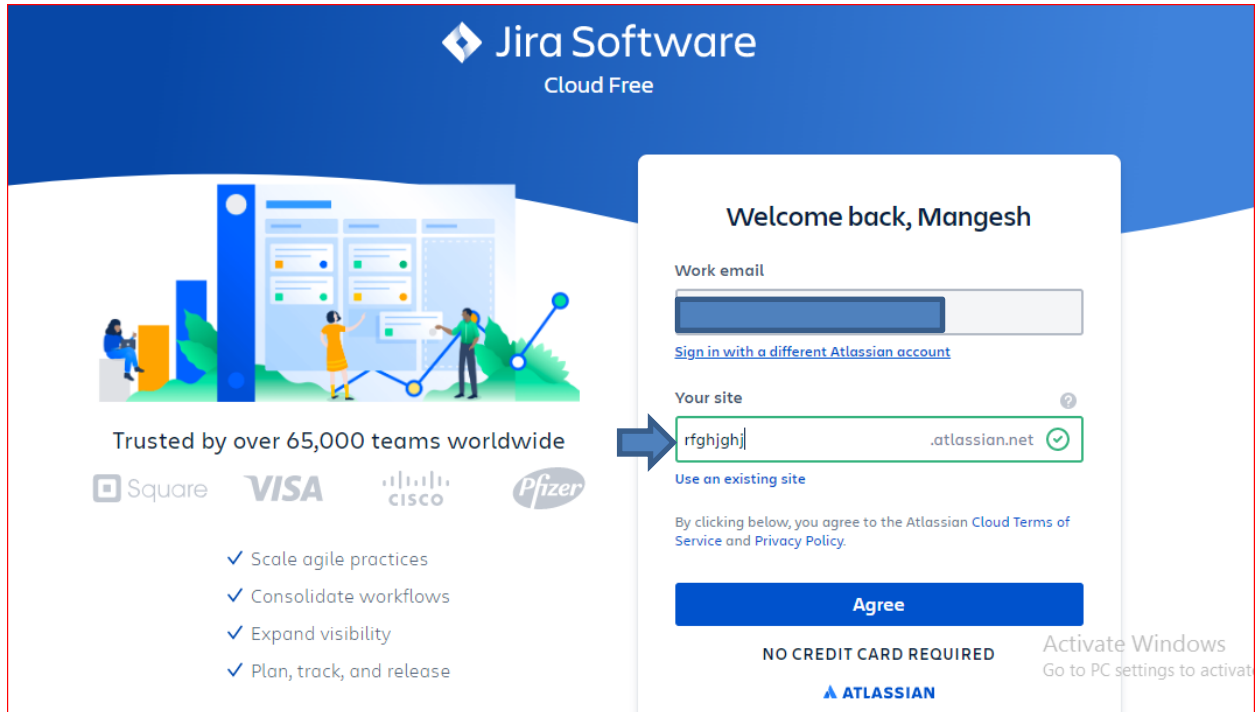

3. Click on Next Button

4. Enter your email id on Work email field

5. Enter your site text (enter any text then agree button is visible)
6. Click on Agree Button

The image shows the Jira Software Cloud Free login interface. On the left, there's a blue header with the Jira logo and 'Jira Software Cloud Free'. Below it, an illustration shows people working on a large screen. Text says 'Trusted by over 65,000 teams worldwide' with logos for Square, VISA, CISCO, and Pfizer. A list of benefits includes: 'Scale agile practices', 'Consolidate workflows', 'Expand visibility', and 'Plan, track, and release'. On the right, a white box titled 'Welcome back, Mangesh' contains a 'Work email' field, a link to 'Sign in with a different Atlassian account', a 'Your site' field with the text 'rfgjhghj.atlassian.net' and a green checkmark, and a 'Use an existing site' link. Below this is a blue 'Agree' button, the text 'NO CREDIT CARD REQUIRED', and the Atlassian logo. A small 'Activate Windows' watermark is visible in the bottom right corner.

7. Wait page is loading

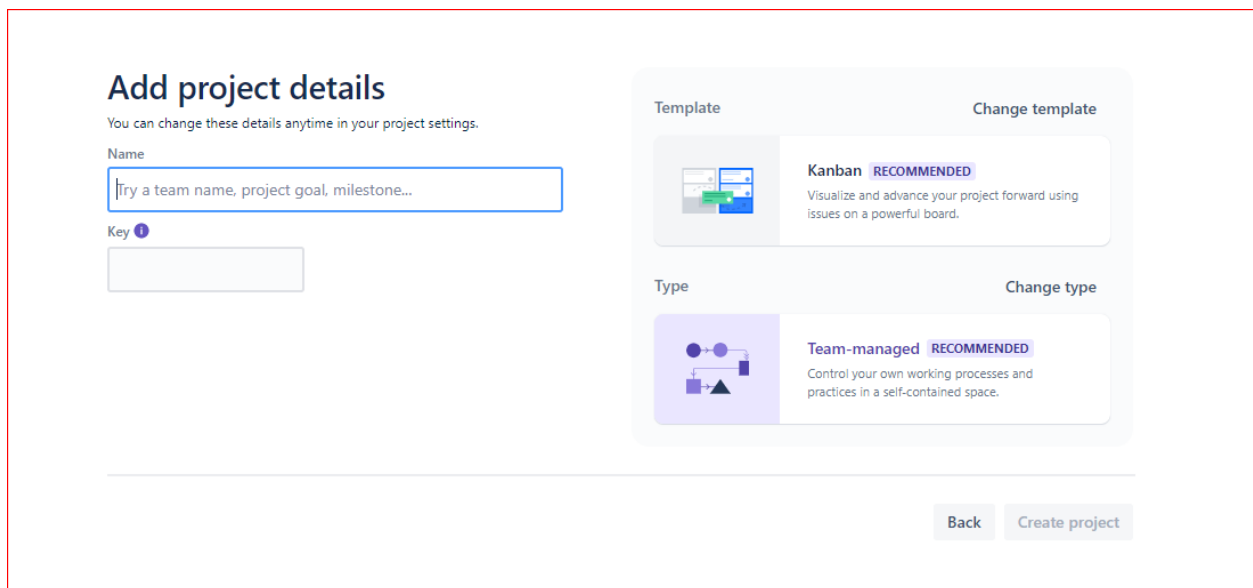

8. Click on Skip

The screenshot shows the Jira setup wizard. On the left, there's an illustration of three people climbing a globe with a flag on top. Below it, the text says "Recommend a project" and "Answer a few questions and we will suggest a project type that works best for you and your team." On the right, the heading is "Help us set up your Jira". Below this, there's a dropdown menu "I am" with "Jira." selected. A tooltip shows options "new to" and "experienced with". At the bottom right, there are two buttons: "Skip" (with a blue arrow icon) and "Next".

9. Add project details page displayed

The screenshot shows the "Add project details" page. On the left, there's a form with "Name" (placeholder: "Try a team name, project goal, milestone...") and "Key" (with a help icon). On the right, there are two sections: "Template" with "Kanban" selected and marked "RECOMMENDED", and "Type" with "Team-managed" selected and marked "RECOMMENDED". At the bottom right, there are "Back" and "Create project" buttons.

10. Enter project name

### Add project details

You can change these details anytime in your project settings.

Name

F.R.I.E.N.D.S

Key ⓘ

FRIENDS

## 12. Click on Scrum

The screenshot shows the 'Project templates' page in Jira. On the left sidebar, 'Software development' is selected under 'PRODUCTS'. The main content area is titled 'Software development' and lists three templates: 'Kanban' (marked as RECOMMENDED), 'Scrum', and 'Bug tracking'. The 'Scrum' template is highlighted with a blue arrow pointing to it from the left. The 'Scrum' template description reads: 'Sprint toward your project goals with a board, backlog, and roadmap.'

## 13. Click on Use template

The screenshot shows the 'Scrum' template configuration page. The left sidebar is the same as in the previous step. The main content area is titled 'Scrum' and includes a 'Use template' button in the top right corner. Below the title, there is a description of the Scrum template and a section for 'Plan upcoming work in a backlog'. On the right side, there are sections for 'PRODUCT' (Jira Software), 'RECOMMENDED FOR' (Teams that deliver work on a regular cadence, DevOps teams that want to connect work across their tools), and 'ISSUE TYPES' (Epic, Story). At the bottom right, there is a blue button labeled 'Use template' with a large blue arrow pointing to it from the text 'Next: Select a project type'.

#### 14. Click on – Select a company-managed project
